Group B	03/08/2021	10/08/2021	17/08/2021
Group C	05/10/2021	12/10/2021	19/10/2021

Why IOSH Managing Safely?

IOSH Managing Safely is an accredited course designed for managers, supervisors and those with basic health and safety duties in any sector, and any organisation worldwide.

The aim of the course is to create awareness and understanding of the practical actions that you need to take, and gain the knowledge and tools to tackle safety and health issues within your areas of responsibility.

This course makes a powerful case for safety and health being an integral part of day-to-day management and business.

The 'Managing Safely' course covers:

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance

Course Benefits

From undertaking Managing Safely, Organisations can benefit from greater productivity, from fewer hours lost due to sickness and accidents, improved company-wide safety awareness culture and appreciation of safety measures and active staff involvement to improve the workplace.

Course Delivery

The course is delivered remotely via an online platform by our Experienced Risk Management team, who are Chartered Occupation Safety and Health practitioners (CMIOSH).

To minimise disruption, the course runs consecutively, one day a week for three weeks.

In-House Training

In addition to our open course, we are also able to provide IOSH Managing Safely as an in-house course, providing you a cost-effective means to train multiple employees; whilst tailoring the course to your business. Please contact us for more information on this service.

Course Cost

£375 + VAT per delegate (including all training materials and certificate on successful completion of the assessment and risk assessment project). Discount available for Arden clients.

Contact our trainer for more information or to book a course:
